Number 4: Making fun of dead people, drawing them as Spamton, while I personally do not agree with Hulk Hogan's views, this is still in really poor taste

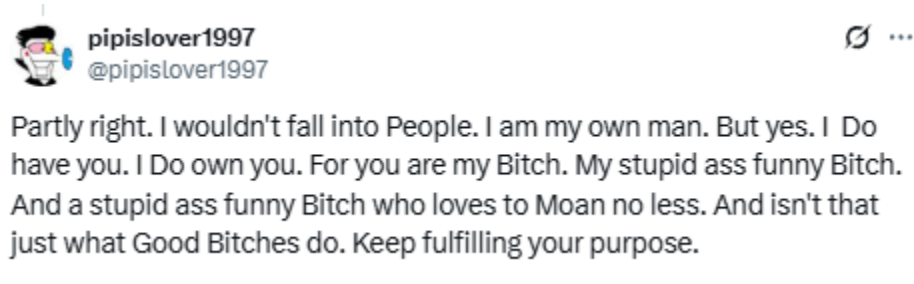

Number 5: While I don't have images for this (They'd be too many), Pipis lover has been really rude towards people in UTDR discussion, you can check his reply section on his account if you really want to

Number 6: Pushing for quite some bad stuff against the character of Spamton, like, what do you mean he's misogynistic???? What????

Number 7: REALLY weird comments towards someone else, While I may not have access to the original comment, this is just a REALLY nasty thing to say to someone, on top of that using a slur directed towards women (Female dog).

Number

I think this is more than enough to convince you Pipis lover is not a good person, if you're still friends with him at this point, it's your choice, and one I do NOT support. I rest my case
